

MATTHEW BAEK

1737 W 35th Place, Los Angeles, CA | (714) 681-4160 | mattbaek3@gmail.com | delispice.cc

EDUCATION

University of Southern California

Los Angeles, CA

Bachelor of Arts in Applied and Computational Mathematics

Expected May 2027

Relevant Coursework: Mathematical Statistics, Probability Theory, Numerical Analysis, Foundations of Data Analysis, Mathematical Optimization, Mathematics of Machine Learning

PROFESSIONAL EXPERIENCE

Brewster Whitecaps | Cape Cod League

Brewster, MA

Baseball Operations and Analytics

Jan 2026 – August 2026

- Pre-season self-scouting and identifying players to sign throughout college baseball season and mid-summer
- In-season, leveraged advanced analytics to enhance opponent scouting and optimize bullpen decision-making
- Focused on improving as a hitter evaluator from both a data and traditional scouting perspective

USC Baseball

Los Angeles, CA

Player Development and Analytics

July 2026 – Present

- Self-scouted USC players to identify development opportunities and performance improvement areas
- Created data- and model-driven evaluations to identify and support future player acquisition decisions
- Conducting research on an ad-hoc basis as requested by the coaches using Trackman data

Santa Barbara Foresters

Santa Barbara, CA

Data and Video Analytics

Jun 2023 – Aug 2023

- Designed automated pitching, hitting, and catching reports using Trackman data for player development.
- Managed Synergy cameras and tagged Trackman data live during game days
- Gained a deeper understanding and love of baseball and applications of data to the sport of baseball

Pepperdine Baseball

Malibu, CA

Data Analyst

Sep 2022 – May 2024

- Created post-game reports and weekly visualizations for pitcher and hitter metrics
- Operated Trackman during gamedays and Rapsodo during bullpens to gather data for player development

PROJECTS AND EXTRACURRICULARS

www.delispice.cc – A College Baseball Database / Application

July 2026 - Present

- An on-going, multi-model machine learning framework to evaluate player performance using Trackman data
- Comprehensive scouting reports on Cape Cod players, with ongoing expansion to NCAA Division I prospects
- Built and hosted as a Linux-based application, learning database management and networking along the way

Kristos Campus Missions

Los Angeles, CA

Operations and Finance Coordinator

August 2025 – Present

- Managed finances and logistics of fundraisers to support charity work across six different nations
- Event planning and organization for a club of 100 regular members

Globalization of Sport

London, UK

Study Abroad

July 2024

- Led discussions concerning AI and its applications in the sports industry with consumer analytics directors for EPL teams (Manchester City FC and Liverpool FC)
- Served as an international resident advisor actively engaging in community building while abroad
